

Dear Parents:

This year we at HAYAA want to try to protect our youth athletes from the dangers of MRSA therefore we are offering an at home protection kit for your child's equipment and uniform that is available from CSG/Sports Coatings out of Rochester, MI.

This kit is a great way to protect your child from the bacteria and germs that cause odors in the equipment, but more importantly they protect your child from the germs that are causing the drug resistant MRSA. Once a surface or fabric is treated with these products it inhibits the growth of bacteria, fungi, mold and viruses.

This is the same formula that several NFL (including the Detroit Lions), NBA, and NHL teams are currently using as well as colleges and universities throughout the country. This product has been so effective at the professional and collegiate level that CSG has decided to put it in a convenient at home kit so that youth athletes across the country can have the same protection that these higher levels are experiencing. We are very excited to be one of the first organizations in Michigan to offer it to our athletes.

Here is what the Cover3Kit includes: (you can read more about the products in the Cover3Kit by viewing the attached information.)

***1-16oz bottle of FabricAide™** - a laundry additive that protects uniforms, towels and other laundered items. One 4oz. treatment protects a load of laundry for up to 30 washes!*

***1-32oz bottle of SportsAide® XL** - an antimicrobial protection that is sprayed on sports surfaces including helmets, shoulder pads, cleats, etc. to protect them from bacterial contamination. One application lasts for up to 30 days and 32oz will treat a football player's gear for an entire season!*

***1-32 oz bottle of SportsClean™** - a disinfectant and cleaner that works in synergy with SportsAide™ XL for regular maintenance and cleaning of equipment and surfaces.*

The Cover3Kit retails for \$49.99 and CSG will give HAYAA \$17 for every kit that is sold. You can place your order for these kits at equipment pick-up and they will be available for pick-up on the first day of practice. Please bring the order form below along with payment of \$49.99 in either cash or **check payable to: Total Sports Solutions.**
